

GDPR Policy Statement

The GDPR impacts how all organisations collect, hold and process people's personal data. Simply put, EU residents will now have greater say over what, how, why, where, and when their personal data is used, processed, or disposed of.

This rule clarifies how the EU personal data laws apply even beyond the borders of the EU. Any organisation that works with EU residents' personal data in any manner, irrespective of location, has obligations to protect the data.

USSR /USA Ltd is focused on its GDPR compliance responsibilities by evaluating the new requirements and restrictions imposed by GDPR. The company has taken action necessary to ensure that we handle all data in compliance with the applicable law.

USSR /USA Ltd is committed to meeting any contractual obligations for procedures, products and services and is approaching GDPR compliance on three main fronts:

- To ensure our own compliance as a business that holds and processes people's personal data.

- To ensure that our programs, software applications and services all support our customers' GDPR compliance efforts.
